

**BENHILLDENTALPRACTICE**

**£100 off  
whitening!**

**BOOK NOW**

## **Whitening Day on Saturday Aug 9!**

To welcome Dr Alex Fivey back from her maternity leave, we are offering £100 off tooth whitening! Boutique whitening is now priced from just £295.

**WHILE STOCKS LAST!**

Secure your whitening consultation for £35 (refundable if you go ahead with treatment) on **020 3827 4522** or at **[reception@benhill-dental-practice.co.uk](mailto:reception@benhill-dental-practice.co.uk)**

If you are unable to make it on August 9, we have a limited number of appointments until 30.9.25 - please call for availability.

Please note that patients must be dentally fit and have had a routine examination in the last 6 months. Routine private examinations cost £48 for all existing patients and new patient consultations are £78.

# Boost your smile & your spirits

A brighter, whiter smile not only looks healthier, but it gives your confidence and spirits a lift. When we look good, we feel good!

Teeth whitening is one of the easiest, most cost effective and longest lasting cosmetic dental treatments.

## What is Boutique Whitening?

Designed by dentists, the multi-award winning Boutique Whitening offers teeth whitening solutions to suit your lifestyle. It is a premium quality, professional teeth whitening system that we trust, that we use ourselves, and that we find gives consistently amazing results. It's definitely our favourite whitening brand!

## What to expect

We offer a safe and reliable procedure using custom-made tooth whitening trays that allow you to brighten your teeth in the comfort of your own home, overseen by our clinical team.

This home treatment involves custom-made, soft whitening trays that your dentist will create for you. Simply place the whitening gel into the tray and place it in your mouth like a mouth guard.

The trays should fit comfortably and can be worn overnight if that is your preference. The whitening trays are traditionally worn over two to five weeks, after which we will review the results with you.

Our whitening service guarantees to have a dramatic effect on the colour of your natural teeth - it can even remove stubborn discolouration. However, it will not work on existing fillings, crowns or veneers.

**Get whiter more youthful-looking teeth with professional Boutique Whitening from just £295!**
